**Subject:** Shutterstock, Inc. (Election Merger) - Anticipated Adjustment  
Option Symbol: SSTK  
New Symbol: GETY1  
Date:??? (Election Deadline: ???)

On June 10, 2025, Shareholders of Shutterstock, Inc. (SSTK) will vote concerning the proposed merger with Getty Images Holdings, Inc. (GETY).

**The Merger: Aggregate Terms**

Based on the number of common shares outstanding as of April 25, 2025, the aggregate consideration payable by GETY would consist of \$335 million in cash and 323.3 million shares of GETY common stock.

**The Merger: Individual Share Elections**

Within the terms of the Merger, individual SSTK Shareholders may:

- Elect to receive 9.17 Getty Images Holdings, Inc. (GETY) Common Shares plus \$9.50 Cash per each SSTK Common Share ("Mixed Election"). Cash will be paid in lieu of fractional shares.  
OR,
- Elect to receive \$28.8487 in cash ("Cash Election"). Cash Elections are subject to proration.  
OR,
- Elect to receive 13.67237 Getty Images Holdings, Inc. (GETY) Common Shares ("Stock Election"). Stock Elections are subject to proration. Cash will be paid in lieu of fractional shares.  
OR,
- Register no preference by not making an election ("Non-Election"). Under the terms of the election, shares which are not subject to an effective election will be treated as non-electing shares and converted into the right to receive the Mixed Election.

Elections must be submitted to the exchange agent. The election deadline will be 5:00 p.m., New York City time, on the date that is five business days preceding the anticipated closing date of the merger. SSTK Shareholders must observe all terms and conditions for the election as specified in the SSTK/GETY Proxy Statement/Prospectus dated April 30, 2025. It should be noted that it is unknown if SSTK shares may be delivered pursuant to an election under "Notices of Guaranteed Delivery". In all cases, Call option holders exercising in order to obtain stock for an election must exercise in sufficient time to be able to make valid delivery pursuant to the election procedures.

**The Merger Consideration: Prorations**

The Cash Elections and Stock Elections will be subject to proration as described in the Proxy.

### **Contract Adjustment**

<b>Date:</b>	Effective the opening of the business day after the merger is consummated. Contract adjustment is expected to occur in the second half of 2025.
<b>Option Symbol:</b>	SSTK changes to GETY1
<b>Strike Divisor:</b>	1
<b>Contract Multiplier:</b>	1
<b>New Multiplier:</b>	100 (e.g., a premium or strike price extensions, 1.00 yields \$100)
<b>New Deliverable Per Contract:</b>	<p>The deliverable for adjusted SSTK options will be BASED ON THE MERGER CONSIDERATION WHICH ACCRUES TO NON-ELECTING SSTK SHAREHOLDERS (stated in terms of a current 100-Share deliverable).</p> <p>1) 917 Getty Images Holdings, Inc. (GETY) Common Shares 2) \$950.00 Cash (\$9.50 x 100)</p>
<b>CUSIP:</b>	GETY: 374275105

### **Pricing**

Until the cash in lieu amount is determined, the underlying price for GETY1 will be determined as follows:

$$\text{GETY1} = 9.17 (\text{GETY}) + 9.50$$

### **Important Exercise Considerations**

Holders of SSTK Call options who wish to make their own elections with respect to SSTK shares received through exercise (for example, to receive a consideration other than the Non-Electing consideration) bear sole responsibility in determining when to exercise their options to permit a valid election. After the merger is consummated and the contract adjustment described above is effected, adjusted SSTK options will no longer call for the delivery of SSTK shares upon exercise. Call option holders will receive upon exercise (and Put holders deliver upon exercise) the non-electing merger consideration (on a per contract basis).

### **Delivery Settlement and Protect Provisions**

Option contracts which are exercised, and physically-settled security futures contracts which mature, will require the settlement of all component securities included in the contract deliverable at the time of the futures contract maturation or option contract exercise, including rights, warrants, or similar instruments. Additional SSTK entitlements (such as due bills, eligibility to participate in tender offers, elections, etc.) may also automatically attach to securities deliverable upon physically-settled futures contract maturity or option exercise. Conversely, securities not included in the contract deliverable at the time of the option exercise or futures contract maturity, or other entitlements not associated with the underlying deliverable securities, may preclude holders of long futures contracts from realizing the benefit of such entitlements. For example, if a physically-settled security futures underlying security is the subject of a tender offer, exchange offer, or similar event which expires *before* the futures contract reaches its maturity, the securities due to long futures holders upon maturity *will not* be eligible for participation in the tender/exchange offer. Conversely, if such tender

offer, exchange offer or similar event expires *after* the futures contract matures, securities deliverable to long futures holders *will* be eligible for participation in these events.

Except in unusual cases, securities deliverable as a result of equity option exercise or the maturity of physically-settled security futures are settled through National Securities Clearing Corporation (NSCC).

Rights and obligations of Members with respect to securities settling at NSCC as a result of an option exercise or assignment or a physically-settled security future delivery or receipt obligation are governed by the rules of NSCC. NSCC has its own rules which enable purchasers of securities to protect themselves for value which may be lost if timely delivery is not made to them of securities subject to specific deadlines, such as the expiration of a tender offer, rights subscription, election, or similar event. These rules are generally called protect or liability notice procedures, and are intended to protect purchasers by binding the delivering parties to liability if such value is lost because timely delivery is not effected. Purchasers of securities must observe the rules and procedures of NSCC to avail themselves of such "protect" provisions of NSCC. Questions regarding these provisions should be addressed to NSCC.

### **Special Risks**

Writers of call options and holders of short positions in physically-settled security futures at maturity who are uncovered with respect to deliverable securities subject to deadlines or cut-off times (such as expirations of tender offers, rights subscriptions, elections, or similar events) should be aware of a risk associated with the timing of their possible assignments or physically-settled security futures delivery obligations: Equity option exercise settlement and settlement of physically-settled security futures delivery obligations normally occurs on the business day after the option exercise date or the security-futures maturity date. An uncovered call writer or uncovered short futures holder who has an obligation to deliver, and who waits until after assignment or futures maturity to effect purchase of the underlying security, may not be able to effect timely delivery by a regular-way purchase (1 business-day settlement) or call option exercise (1 business-day settlement after exercise). Such uncovered writer or short futures holder may nevertheless be subject to liability under the protect provisions of NSCC (see above) with respect to his delivery obligation, because he cannot make timely delivery. Additionally, Cash Markets (same-day) may not be available, or may be expensive for buyers of the underlying security.
