Date: May 21, 2021

Subject: CIG1 Options - Expiration Pricing Consideration

CIG1 (adjusted Companhia Energetica de Minas Gerais-CEMIG options) will be subject to special pricing consideration in expiration processing on May 21, 2021. The pricing consideration is due to the undetermined number of CIG shares and cash in lieu of fractional shares, if any, included in the option deliverable of CIG1 as indicated below. These options will continue to be subject to normal exercise based on customary exercise thresholds in OCC's Ex-by-Ex processing.

MEMBERS SHOULD ADVISE THEIR CUSTOMERS TO TAKE THE FOLLOWING CONSIDERATIONS INTO ACCOUNT IN DECIDING TO EXERCISE, OR NOT TO EXERCISE, THESE OPTIONS.

CIG1

CIG1 options are adjusted Companhia Energetica de Minas Gerais-CEMIG options, adjusted May 3, 2021 (see OCC Information Memo #48741). The deliverable of CIG1 options is:

NEW DELIVERABLE

PER CONTRACT:

- 1) Approximately 111 Companhia Energetica de Minas Gerais-CEMIG (CIG) American Depositary Shares
- 2) Cash in lieu of approximately 0.496899948 fractional CIG shares, less issuance fee

As of May 21, 2021, the CIG Distribution Agent has not determined the additional number of shares to be distributed in the stock dividend nor the price to be used to determine the cash in lieu amount, if any.

For purposes of calculating a CIG1 price for use in expiration processing, OCC will use the following formula:

$$\text{CIG1} = 1.11496899948 (\text{CIG})$$

For example, if CIG closes at 2.42, the CIG1 price would be:

$$\text{CIG1} = 1.11496899948 (2.42) = 2.70$$

This formula includes an estimated rate for the stock dividend and not the final rate applicable in the distribution.

ALL CLEARING MEMBERS ARE REQUESTED TO IMMEDIATELY ADVISE ALL BRANCH OFFICES AND CORRESPONDENTS ON THE ABOVE.
