**Subject:** Markforged Holding Corporation – Anticipated Cash Settlement  
Option Symbol: MKFG  
Date: ???

On December 5, 2024, Shareholders of Markforged Holding Corporation (MKFG) will vote concerning the proposed merger with Nano US II, Inc., a wholly owned subsidiary of Nano Dimension Ltd. If the merger is approved and consummated, each existing MKFG Common Share will be converted into the right to receive \$5.00 net cash per share, less withholdings, if any.

NOTE: Nano Dimension Ltd. intends to submit an application to the Israeli Tax Authority which includes a request that non-Israeli shareholders be exempt from Israeli withholding, if such stockholders will provide the paying agent in Israel with certain declarations and supporting documents regarding their residency and the date on which their shares were purchased, and satisfy other conditions as stated in the MKFG Proxy Statement dated November 13, 2024 (“Proxy”). Investors are referred to the Proxy for a complete discussion of relevant tax considerations. As indicated below, the deliverable of adjusted MKFG options will be based on the merger consideration net of applicable withholding taxes, if any.

### Contract Adjustment

**Date:** Effective the opening of the business day after the merger is consummated. Contract adjustment is expected to occur in the first quarter of 2025.

**New Deliverable Per Contract:** \$500.00 Cash (\$5.00 x 100), less withholdings, if any.

**Settlement:** OCC will delay settlement of the MKFG deliverable until the final net cash merger consideration is confirmed. Once the final amount is determined, settlement in MKFG options will take place through OCC’s cash settlement system. Settlement will be accomplished by payment of the difference between the extended strike amount and the cash deliverable.

### Acceleration of Expirations

Pursuant to OCC Rule 807, equity stock option contracts whose deliverables are adjusted to call for cash-only delivery will be subject to **an acceleration of the expiration dates for outstanding option series** (See OCC Information Memo 23988).
