Subject: South Bow Corporation - Broker-To-Broker Settlement/Exercise Considerations
Option Symbols: SOBO/TRP1

Effective November 21, 2024, the National Securities Clearing Corporation (“NSCC”) will no longer accept SOBO exercise and assignment activity for settlement. **As a result, the SOBO component of SOBO/TRP1 exercise and assignment activity will be subject to broker to broker settlement beginning November 21, 2024.** It is unknown if and when SOBO shares will be eligible for settlement through NSCC again.

The deliverable for SOBO options contracts will remain the underlying 100 SOBO Common Shares. The deliverable for TRP1 options contracts will remain the underlying 100 TRP Common Shares and 20 SOBO Common Shares.

No Exercise Restrictions

OCC has determined not to impose any exercise restrictions with respect to SOBO/TRP1 options. Therefore, OCC will continue to accept and process exercise instructions in accordance with its Rules and as further described below. Because OCC has been informed NSCC will not accept exercise/assignment transactions involving SOBO for settlement, such settlement will be effected as follows.

Broker-to-Broker Settlement

Pursuant to OCC By-Law Article VI, Section 19, OCC has determined that, effective with exercises of November 21, 2024 and thereafter, the SOBO component of SOBO/TRP1 exercise and assignment activity shall settle on a broker-to-broker basis. The deliverable for SOBO options contracts will remain 100 SOBO Shares. The deliverable for TRP1 options contracts will remain the underlying 100 TRP Common Shares and 20 SOBO Common Shares. If it is not possible for the delivering Clearing Member to effect delivery of the SOBO shares on the designated settlement date, then the settlement obligations of both delivering and receiving Members shall be delayed until such time as OCC designates a new exercise settlement date, settlement method and/or settlement value. This determination allows delivering Members the opportunity to effect settlement if they have SOBO shares and are able to effect delivery, but delays the settlement obligation when this is not possible. Both the delivering and receiving Clearing Members are required to immediately notify OCC if they are unable to effect settlement.

In determining that delivery of the SOBO shares is in fact not possible in respect of a given exercise or assignment, OCC shall require an appropriate officer(s) of the delivering Clearing Member to represent in writing that delivery is not possible. (Upon exercise or assignment of SOBO/TRP1 options, OCC will contact each delivering Clearing Member to provide the specific requirements and procedures for such representation.)

Pursuant to customary OCC broker to broker settlement procedures, inability to effect delivery may subsequently occasion cash settlement as determined by OCC.

OCC may also consider other alternate methods of settlement such as requiring a buy-in of shares by the receiving clearing member pursuant to OCC Rules. See OCC Information Memo #50206 for additional information on broker-to-broker settlement.

Broker-to-Broker Delivery Advice/Settlement Procedures

Clearing Members should note that SOBO/TRP1 exercise and assignment activity will be reported on the **Broker-to-Broker Delivery Advice**, which is a separate report from the regular Delivery Advice. Members will need to refer to this report each day to be informed of SOBO/TRP1 exercise/assignment activity. The Broker-to-Broker Delivery Advice will also identify the opposite side Clearing Member with whom settlement is to be made. **Members are responsible for contacting the opposite side on all SOBO/TRP1 activity and for making arrangements for settlement. Both delivering and receiving Members are also reminded of their obligation to inform OCC when settlement is made.** OCC will continue to margin SOBO/TRP1 exercise/assignment activity until settlement is accomplished.
