#56911

Date: July 18, 2025

Subject: HES Options - Expiration Pricing Consideration

HES will be subject to special pricing consideration in expiration processing on July 18, 2025. The pricing consideration is due to the undetermined cash in lieu of fractional shares amount included in the option deliverable of HES as indicated below. These options will continue to be subject to normal exercise based on customary exercise thresholds in OCC's Ex-by-Ex processing.

MEMBERS SHOULD ADVISE THEIR CUSTOMERS TO TAKE THE FOLLOWING CONSIDERATIONS INTO ACCOUNT IN DECIDING TO EXERCISE, OR NOT TO EXERCISE, THESE OPTIONS.

HES

HES options were adjusted on July 18, 2025 (see OCC Information Memo #56907). The deliverable of HES options is:

NEW DELIVERABLE

PER CONTRACT:

- 1) 102 Chevron Corporation (CVX) Common Shares
- 2) Cash in lieu of 0.5 fractional CVX Common Shares

As of July 18, 2025, the CVX Exchange Agent has not determined the price to be used to determine the cash in lieu amount.

For purposes of calculating a HES price for use in expiration processing, OCC will use the following formula:

$$\text{HES} = 1.025 (\text{CVX})$$

For example, if CVX closes at 151.09, the HES price would be:

$$\text{HES} = 1.025 (151.09) = 154.87$$

This formula includes an estimate for the value of the cash in lieu amount and not the actual amount applicable in the merger.

ALL CLEARING MEMBERS ARE REQUESTED TO IMMEDIATELY ADVISE ALL BRANCH OFFICES AND CORRESPONDENTS ON THE ABOVE.
