Date: March 18, 2026

Subject: BULU Options - Expiration Pricing Consideration

T-REX 2X Long BULL Daily Target ETF (BULU) options will be subject to special pricing consideration in expiration processing on March 20, 2026. The pricing consideration is due to the current suspended trading status of the BULU shares included in the option deliverable of BULU as indicated below. These options will continue to be subject to normal exercise based on customary exercise thresholds in OCC's Ex-by-Ex processing.

MEMBERS SHOULD ADVISE THEIR CUSTOMERS TO TAKE THE FOLLOWING CONSIDERATIONS INTO ACCOUNT IN DECIDING TO EXERCISE, OR NOT TO EXERCISE, THESE OPTIONS.

BULU

BULU options are T-REX 2X Long BULL Daily Target ETF options, which were delayed on March 17, 2026 (see OCC Information Memo #58447). The deliverable of BULU options is:

DELIVERABLE
PER CONTRACT: 100 T-REX 2X Long BULL Daily Target ETF (BULU) Shares

As of March 17, 2026, BULU shares were suspended from trading on the Cboe BZX Exchange, Inc., and OCC delayed settlement of all BULU exercise/assignment activity.

For purposes of calculating a BULU price for use in expiration processing, OCC will use the last trading price for BULU of 2.23. Therefore:

$$\text{BULU} = 2.23$$

This formula uses the last trading price for BULU and not the final distribution amount per share applicable in the liquidation.

ALL CLEARING MEMBERS ARE REQUESTED TO IMMEDIATELY ADVISE ALL BRANCH OFFICES AND CORRESPONDENTS ON THE ABOVE.
