Subject: Ovation External Scenario Testing Now Open

OCC is pleased to announce that External Scenario Testing of the Ovation platform is now open to all market participants, effective today. Testing will be available Monday through Friday, 8:00 a.m. to 4:00 p.m. CT, through September 4, 2026.

The refreshed [OCC Transformation website](#) will serve as a central resource for documentation, updates, testing materials and the full testing schedule. OCC will host weekly office hours beginning July 2nd to highlight key accomplishments, share updates on known issues and what to expect next.

Market participants can update testing progress via the new OCC Test Portal and should report any issues to: Ovation@theocc.com
In Q3, OCC will initiate External Parallel Testing, with ENCORE production data processed daily in Ovation's test environment, allowing participants to view side-by-side comparisons of the outputs.

We are confident in what we have built and equally confident in the market participants who will put it to the test. Thank you for your continued partnership as we move toward the launch of Ovation.

If you have any questions, please contact your Clearing Member representative or the Member Services Help Desk at the following numbers: 800-621-6072 or 800-544-6091. Within Canada, please call 800-424 7320. Clearing Members may also e-mail us at memberservices@theocc.com.
