Subject: iShares U.S. Select Equity Active ETF - Anticipated Liquidation/
Anticipated Cash Settlement
Option Symbol: BELT
Date: ???

On June 12, 2026, BlackRock ETF Trust announced that it will terminate and subsequently liquidate the iShares U.S. Select Equity Active ETF (BELT). The last day of trading for BELT shares on NASDAQ will be August 12, 2026.

Between market close on or about August 12, 2026 and August 17, 2026 (the "Liquidation Date"), the Trust cannot assure that there will be a trading market for shares of the Fund. On the Liquidation Date, the Fund will automatically redeem the shares for cash based on the net asset value of the Fund.

Contract Adjustment

The option symbol BELT will not change.

Date: Anticipated to occur on or around August 17, 2026

**New Deliverable
Per Contract:** 100 x net asset value per BELT share, less any applicable transaction costs, pursuant to the liquidation.

Note: The determination to include any distributions, if any, in the contract adjustment will be made by OCC on a case-by-case basis.

Settlement: BELT exercise and assignment activity will be subject to delayed settlement, effective August 13, 2026, until the amount of cash paid per BELT share in the liquidation is determined.

Once the final cash amount to be included in the BELT deliverable is determined, settlement in the BELT options will take place through OCC's cash settlement system. Settlement will be accomplished by payment of the difference between the extended strike amount and the cash deliverable.

Acceleration of Expirations

Pursuant to OCC Rule 807, equity stock option contracts whose deliverables are adjusted to call for cash-only delivery will be subject to **an acceleration of the expiration dates for outstanding option series** (See OCC Information Memo 23988).
