Date: October 09, 2026

Subject: Extended Trading Hours Program – Commission Approval

On September 23, 2026, the Securities and Exchange Commission ("SEC" or "Commission") approved OCC's proposed rule change to establish a procedures-based approach for determining product eligibility during Extended Trading Hours ("ETH") sessions, File No. SR-OCC-2026-008¹. This Information Memo is an update to Information Memo #59802, issued September 21, 2026.

OCC will begin supporting ETH clearing of multi-listed equity options on October 19, 2026, in line with the launch dates announced by participating exchanges. Clearing Members should refer to the exchanges' notices for current launch dates and eligible symbol lists.

The ETH eligibility requirements and operational procedures described in Information Memo #59802, including the accompanying FAQ, are unchanged. Clearing Members that intend to participate and are not yet ETH approved should contact their OCC Member Services Representative promptly, ahead of the launch.

If you have any questions, please contact your Clearing Member representative or the Member Services Help Desk at the following numbers: 1-800-544-6091 or within Canada 1-800-424-7320. Clearing Members may also e-mail us at memberservices@theocc.com.
