Contract Adjustment

The option symbol RKLZ1 will not change.

New Deliverable Per Contract: 20 x the total of the pro rata cash amount distributed per RKLZ share, less any applicable transaction costs, pursuant to the liquidation.

Note: The determination to include any distributions, if any, in the contract adjustment will be made by OCC on a case-by-case basis.

Settlement: RKLZ1 exercise and assignment activity will be subject to delayed settlement, effective November 17, 2026, until the amount of cash paid per RKLZ share in the liquidation is determined.

Once the final cash amount to be included in the RKLZ1 deliverable is determined, settlement in the RKLZ1 options will take place through OCC's cash settlement system. Settlement will be accomplished by

payment of the difference between the extended strike amount and the cash deliverable.

Acceleration of Expirations

Pursuant to OCC Rule 807, equity stock option contracts whose deliverables are adjusted to call for cash-only delivery will be subject to **an acceleration of the expiration dates for outstanding option series** (See OCC Information Memo 23988).
